

SOLIDWORKS FOR INCUBATORS & ACCELERATORS

THE PROGRAM

BUILD YOUR BUSINESS

Incubators and accelerators offer early stage startups a great way to grow their businesses. These start-ups need to show what their product is, how it works, and what it looks like. They need a platform to build their business. They need software, training, expert advice, trusted resources, manufacturing, and some top-rate marketing. The SOLIDWORKS Incubator and Accelerator program can help with all of these needs.

SOLIDWORKS is teaming up with accelerators and incubators around the globe to support designers and start-ups with access to software, training, support, and co-marketing to help turn an idea into a product and into a business. This is an invaluable service your incubator can provide start-ups, as well as attract more start-ups to your incubator.

SOLIDWORKS Incubator and Accelerator sponsorship includes the following products and services at no cost to you!

Up to 10 Network licenses of the following SOLIDWORKS Premium products upgraded every year at no cost

- SOLIDWORKS Premium
- SOLIDWORKS Simulation Premium
- SOLIDWORKS Flow Simulation
